

## Production and Distribution of Training DVDs

### Forklift Risks and Hazards

All sorts of forklifts are used in all sorts of workplaces. But they all have one thing in common. They can be very dangerous, if you don't use them safely.

This Australian produced safety DVD explores the potential hazards and risks in the workplace for forklift drivers.

The DVD is accompanied by a CD which includes Trainers' Notes on how to use this resource and Learners' Worksheets which can be customised for your organisation.

*"This is a valuable training resource that has all the current and relevant information in it to assist with training forklift drivers."* **Kevin Le Poidevin, Program Manager, Transport and Logistics, Box Hill TAFE.**

#### The Trainers' Resource Kit on CD contains:

- Trainers' notes
  - information on how to use the DVD and worksheets
  - tips on language and literacy support and resources
- Customisable Learners' Worksheets
- Learners' Worksheets (trainers' version)
  - answers to the learners' questions
  - important notes for the trainer
  - suggested learner activities.

Project developed by [Fran Haarsma Productions](#) and Ideas That Work. Funded under the Workplace English Language and Literacy (WELL) Program by the Australian Government Department of Education, Employment and Workplace Relations.

### Price

AUD\$135.00

### Duration

22 mins 30 secs

## Topics covered

- the work plan
- checking out the site and the route they will be taking
- pre-operational safety checks on the forklift
- load and load handling
- driving
- tipping over
- shutdown.

## Resource Material for

- TLID1007C and TLID2010A Operate a forklift as Training Package Support Material
- support material for High Risk Licence Unit of Competency TLILIC108A and TLLIC2001A - Licence to operate a forklift truck
- induction and orientation
- workplace training
- refresher training.

The Forklift Risks and Hazards DVD/CD is mapped to TLID1007C Operate a forklift, from the TLI07 Transport and Logistics Training Package. The resource also supports TLID2010A from the TLI10 Transport and Logistics Training Package.

This is a core and elective unit in a number of qualifications at AQF levels II-III:

- TLI21610 Certificate II in Warehousing Operations
- TLI21710 Certificate II in Road Transport Yard Operations (Freight Handler)
- TLI21410 Certificate II in Stevedoring
- TLI20410 Certificate II in Transport and Logistics (Rail Operations)
- TLI21310 Certificate II in Transport and Logistics in Rail Infrastructure
- TLI31610 Certificate III in Warehousing Operations
- TLI31510 Certificate III in Stevedoring
- TLI30410 Certificate III in Transport and Logistics (Rail Operations)
- TLI32510 Certificate III in Rail Infrastructure.

As the resource focuses on safety and risk management issues, it also covers some aspects of the unit TDTF07C or TLF1001A: Follow OHS procedures.

Also, given the wide use of forklifts across a number of industries, it is likely that the resource will have applicability to units dealing with forklift operations in other training packages.
