Healthy Bodies

An introduction to the Human Body Systems

This DVD is an excellent starting point for anyone who requires a basic knowledge of the anatomy and physiology of the 11 human body systems.

The language in the DVD is clear and easy to understand and each body system is explored and explained logically by combining animation and live action.

The DVD can be used as a training resource across a broad range of areas including Health, Fitness, Home and Community Care and Aged Services.

It supports the competency *HLTAP301A Recognise healthy body systems in a health care context* which is a pre-requisite to the new medication competency in a number of qualifications in the CHC08 Training Package and can be used for medical terminology training.

Project developed by [Fran Haarsma Productions](#) and [Mayfield Education](#).
Funded under the Workplace English Language and Literacy (WELL) Program by the Australian Government Department of Education, Employment and Workplace Relations.
