How You Can Assist Your Client With Self Medication

For support workers who work in a client's home or community setting

This resource is based on realistic work situations and is targeted at support workers in a home or community setting who assist clients who self medicate.

It can be used in the induction and orientation of new staff, as a refresher, for in-house training and for learners undertaking accredited courses in the Community Services Training Package.

The resource contains a DVD and a Trainers' Resource Kit on CD. The CD includes Trainers' Notes on how to use this resource and Learners' Worksheets which can be customised for your organisation.

Project developed by [Fran Haarsma Productions](#) and Community Services and Health Industry Training Board. Funded under the Workplace English Language and Literacy (WELL) Program by the Australian Government Department of Education, Employment and Workplace Relations.
