DVD ORDER FORM & TAX INVOICE - "Write With Care"

Writing and Recording for Workers in Residential Youth Services. Everything workers in residential youth services do, in their work with young people, is about providing quality care for them. This DVD is based on realistic work situations and shows how accurate observation and recording of information is a key part of that quality of care. Workers are writing about young people and their lives so objective and non-judgemental recording is essential. The resource also contains a Trainers' Resource Kit on CD which includes Trainers' Notes on how to use this resource and Learners' Worksheets which can be customised for your organisation.
